Professional Experience

SoftNet Oct 2022 – Sep 2023
Junior Full Stack Developer *Cracow, Poland*

- Collaborated in creating a banking deposit app consisting of many forms with underlying logic to handle
- Developed and maintained an application for managing employee personnel and their permissions in cooperative banks
- Took part in discussions about the most user-friendly solutions while programming front-end interfaces in Angular
- Designed SQL queries to extract relevant data from the database
- Participated in Kanban workflow, engaged in code reviews, debugging, and refactoring

SoftNet Jul 2022 – Sep 2022
Full Stack Developer Intern *Cracow, Poland*

- Created an app performing CRUD operations, fetching data from the local Oracle database using Spring, and displaying it with the option to filter through it
- Gained insight into the Controller-Service-Repository pattern
- Navigated and performed operations in the company's database, working with schemas, tables, views, and queues
